

# Steam Tech 1500

## Automatic electric steam generator 5L for 1 iron.

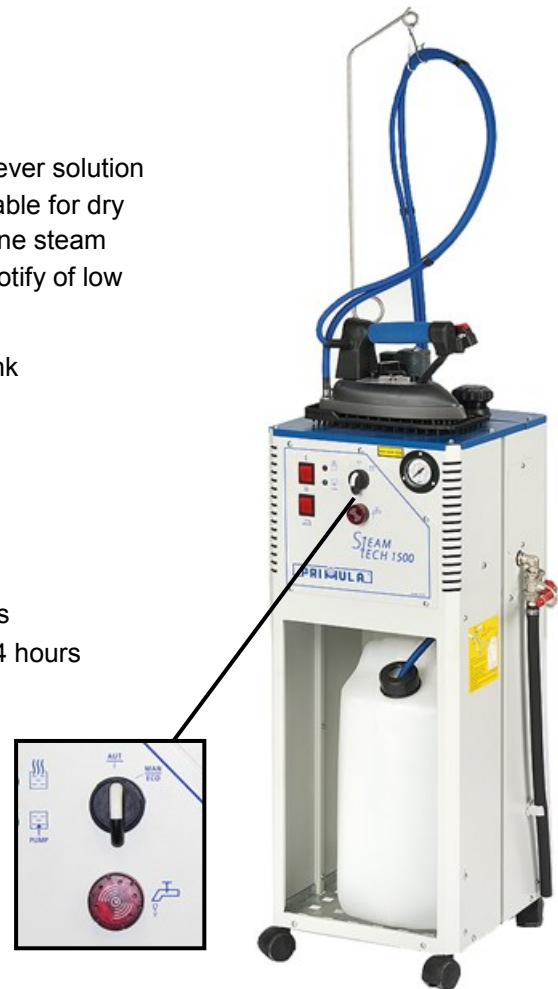

The Steam Tech 1500 is designed with an innovative and clever solution for **automatic or manual** water refilling through a switch. Suitable for dry cleaning shops, tailors shops and ateliers for connection of one steam iron. There is a lightning Index Alarm with built-in buzzer to notify of low water level.

**Comes With:** Swivel bow, silicone ironing mat, 18L water tank

- Inox Boiler:.....5 L
- Steam pressure:.....3.5 Bar
- Steam production:.....2 kg/h
- Boiler heating power:.....1500 W
- Iron heating power:.....800 W
- Steam autonomy Auto function:.....Continuous
- Steam autonomy Manual Eco function:.....Approx. 3-4 hours
- Power supply: 230V-50Hz-1ph

For the trouble free operation of the steam generator we recommend the use of our binding agent Antiscal

In case of service of the automatic function the operator can continue to work manually.
